Raphaël MONTEIRO

ENGINEERING STUDENT IN CUMPUTER SCIENCE

CONTACTS

07-87-16-62-39

raphael.monteiro2138@gmail.com

31500, Toulouse

SKILLS

Programmation : Python, OCaml, Ada
Tools : Git, Linux, MatLab
Database : SQL
B Permit

LANGUAGES

French (native language)
English (B2+ level)

CENTER OF INTEREST

Software Development
Video Games

IT Projects

Python program computing the optimal move in the game of Cram, using the Minimax algorithm with alpha-beta pruning

First-year engineering student in Computer Science at ENSEEIHT, following two years of intensive preparatory classes in Mathematics and Physics (CPGE). I have a solid foundation in programming with Python, OCaml and Ada. I am eager to apply my knowledge through IT projects and to develop my skills in software design and development.

EDUCATION

PRESENT
ENSEEIHT – First year, Computer Science

2024 - 2026
CPGE Math-Physique - Option Informatique
Lycée Vaugelas / Chambéry

2024
Baccalauréat Général - Mention Bien
Lycée Hector Berlioz / La Côte-St-André
